PROFILE

I am a third-year undergraduate at SLIIT, specializing in Information Technology with a focus on Data Science. During my first two years, I acquired a strong foundation in IT, including hands-on experience in front-end and full-stack web development using the MERN stack. My academic background includes data structures, algorithms, Python, Java, HTML, and CSS. I have expanded into data analysis, machine learning, and statistical modeling with proficiency in Python, R, and SQL. I am experienced with Jupyter, Power BI, and TensorFlow. Fluent in Sinhala and English, I am a motivated learner seeking an internship to enhance my skills and gain valuable industry experience.
